For all hand-timed races, times shall be read and recorded as follows:

For races on the track, unless the time is an exact 0.1 second, the time shall be converted and recorded to the next longer 0.1 second, e.g. 10.11 shall be recorded as 10.2. For races partly or entirely outside the stadium, unless the time is an exact second, the time shall be converted and recorded to the next longer whole second, e.g. 2:09:44.3 shall be recorded as 2:09:45.

If, after converting as indicated above, two of the three watches agree and the third disagrees, the time recorded by the two shall be the official time. If all three watches disagree, the middle time shall be official. If only two times are available and they disagree, the longer time shall be official.

All times should be recorded in the following format: Hours : Minutes : Seconds . 10th's Seconds
