

# Horizontal & High Jump Event Group Plans 2022-23

## Performance

### Vision

To consolidate on developing a world-leading domestic programme capable of repeatable medal winning performances 2024 and beyond.

### How

Medal campaigns resulting in podium results.

Build on and develop performance environments to ensure we deliver repeatable and sustainable success through:

- High Performance Planning – access to resource and assistance to support performances
- Prioritising coaches – support and develop coaching networks to grow future HP athletes
- Individual Support – supporting athletes throughout the performance pathways
- Long term approach - bridging performance gaps by focusing on developing athleticism and performance behaviours

## Community Initiatives

### Vision

To develop the depth and quality of athletes and coaches within the community to support the ongoing delivery and development of the Horizontal and High Jump events.

More athletes and coaches reaching for higher performances. Succession.

### How

The focus for community-based initiatives is to establish dedicated opportunities for athletes and coaches to interact with each other and our performance level coaches. In addition, a dedicated focus to develop a pool of quality ACE<sup>i</sup> to support club and regional coach development.

## Initiatives
