

## Athletics NZ 2024-25 Membership Fees

### 2024-25 Memberships Fees

Membership fees enable Athletics New Zealand to support centres, clubs, coaches and officials through development opportunities, competitions and resources with the aim of strengthening the athletics community.

After several years in which fees have remained static, Athletics NZ has enacted a small increase in individual membership fees. This has been implemented because of the rising cost constraints we are facing as a sport. Alongside this, there is a rise in the annual club affiliation fees - which now stand at \$175 for the financial year, (1 April-31 March).

Some further changes have been approved by the board based on consultation with club/centre administrators. These are as follows:

- A family discount of 15% will be available to families who register three or more members at the same time.
- The introduction of a new membership category, *Competitive Member 20 to 22 Years*, which will feature a reduced membership fee for athletes in this age group.

The table below outlines the fees that will apply from 1 April 2024 to 31 March 2025
